NOTIFICATION FOR THE PRICE INCREASE

Dear our Valued customer,

FUJI Lamp would like to appreciate for your long term cooperation.

From extremely rapid change in the environment surrounding Lamp Business, many Lamp manufacturer & Lamp Material manufacturer went out of business, which caused limited supply of materials, and as a result, our purchasing price of materials are rising rapidly each and every year.

In order to continue on our business, FUJI Lamp has been trying our best to reduce the cost, expenses, transportation, etc..., however enormous increase of the material cost could not be covered by our effort at this moment.

Due to above circumstances, we regret to inform you for the price increase for our lamp products. In the future, we will make further efforts and work to reduce costs.

We appreciate your understanding and your continued patronage.

Yours Sincerely.
